**Meditation**

What has changed about my understanding of God?

What did Scripture teach me about myself?

What needs to change in my life as a result of this sermon?

What habits can I build in my life to help me to *know* God more?

Are there any areas in my life where my work and service have become more about me than about God? How can I repent and make it about God's glory and pleasure?

What can I praise God about?
